His Highness the Maharaja of Mysore,
General & Revenue Departments, Bangalore

SIR,

Adverting to Government Proceedings No. 9403/Ml. 60-12 dated 27th May 1913 approving the bye-laws relating to dangerous and offensive trades in the City with some verbal alterations, and pointing out certain defects for the consideration of the Municipal Council, I have the honor to submit herewith draft copy of the revised bye-laws as approved by the Municipal Council at their meeting of 25th April 1914.

2. The Health Officer in his Memo of the 6th January 1914, copy whereof is herein enclosed, proposed that in addition to the suggestions noted in para 3(a) of the above Government Order, the storing of Calcium Carbide in bulk may be declared a dangerous trade and that in places where materials which give off explosive vapours are stored, no other except an electric light or a lamp constructed on Sir Humphrey Davy's principle should be allowed

3. With regard to provisions respecting storing of

Fire-works and regulating kilns in the City, it will be seen from the memo that sufficient facility for the control of these trades exists in the bye-laws at present in force and that it is unnecessary to have recourse to further bye-laws on these subjects.

4. In addition to making suitable provisions in respect of tanneries as pointed out by Government, the Health Officer drafted the lines on which the existing bye-laws required modification, which have been subsequently incorporated in the draft revised bye-laws herewith submitted.

5. The Managing Committee considered the whole question during several sittings and resolved in their meeting of 21st February 1914, that the Health Officer's proposals outlined in paras 2 and 3 of this letter be accepted, but with regard to the provisions suggested in respect of Tanneries and Dye works, only those referring to the former may be passed for the present, the question of controlling dye works which were numerous and scattered throughout the petta and whose owners were in the poorest circumstances, being taken on hand after allotting suitable sites, where the strict enforcement of the bye-laws would not give rise to unnecessary hardship. The Health Officer, however, in a 2nd memo submitted that hardship was only possible when there was too rigorous an insistence on the provisions of the bye-laws, that, if provisions existed, a gradual elevation in the standard of Sanitation of dye works could be brought about, that postponement of this question to an indefinite period was undesirable as the nuisance due to dye works had assumed grave proportions in crowded localities and that a clear idea of what should be aimed at might, with advantage, be defined. The Municipal Council in their meeting of 25th April 1914, considered the subject and unanimously approved that all the proposals may be approved

Honorary President.

Revised draft Bye-laws 10

Rec'd vide 69-13
8275

BANGALORE CITY MUNICIPALITY

Notice dated the 5th June 1913

The following bye-laws for regulating the offensive and dangerous trades within the limits of the Bangalore City Municipality, approved by the Government in their Proceedings No 9403—Ml 60 12, dated the 27th May 1913, are published for general information They come into force at once

Revised by-laws

Bye-laws relating to dangerous and offensive trades in the City of Bangalore, framed under Section 48 (1) (*b*) (111) and Section 151 of the Mysore Municipal Regulation, VII of 1906

1 These bye-laws are called "the Dangerous and Offensive Trades Bye-laws"

2 In these bye-laws unless there is something repugnant in the subject or context —

A Dangerous trade means the business of—

(*a*) Storing for sale—
- (1) Fire-wood
- (2) Hay, straw or any other dried fodder for cattle
- (3) Coal, charcoal
- (4) Cotton.

(*b*) Or storing for sale—
- (5) (a) Kerosene oil in godowns
- " (b) Petroleum in drums.
- (9) Fire Works
- (10) Calcium Carbide in bulk.

B Offensive Trade means the business of—
- (1) Boiling or storing offal, blood bones or rags
- (2) Storing hides, horns or skins
- (3) Tanning
- (4) Dyeing
- (5) Washing or drying of wool or hair
- (6) Making or manufacturing of bricks
- (7) Making or manufacturing of tiles, pottery or other earthernware or lime
- (8) Manufacturing oil by boiling
- (9) Camphor boiling
- (10) Soap making
- (11) Using any place as a cartstand.
- (12) Using any place as a smithy

C Manager means the person under whose authority or control or for whose benefit a dangerous or offensive trade is carried on, whether such person is the proprietor of the business or the agent in charge thereof

3 The manager of every place used for the purpose of a dangerous or offensive trade as defined in clause 2 above, shall not use it as such without obtaining a license from the President therefor The license so granted shall expire on the 30th June of the official year during which it was issued But the currency of a license may be renewed previous to its expiration and on payment of a second fee provided always that where a renewal is applied for as aforesaid, the period of its currency, shall whether the application is eventually granted or refused, be deemed to include the interval during which the application was pending disposal

4 The fees leviable on licenses to carry on dangerous or offensive trades shall be as follows —

A. Dangerous trades —
- (1) For each class of business, except storing kerosene oil or petrolium, Rs 5 per annum
- (2) Rs 2 per 1,000 gallons on the capacity of each godown or tank in which kerosene oil or petrolium is stored subject to a minimum of Rs 14 per annum The storage capacity of the building shall be calculated at the rate of 10 gallons for 3 cubic feet and shall be written on the outside of the tank

B Offensive trades—
For each class of business or each kiln, or furnace for bricks, pottery, tiles, lime, camphor boiling, oil-boiling, etc, Rs 5 per annum

---

Note —In the case of hand-made bricks, the license fee shall be Rs 5 for a kiln of 100,000 bricks or a fraction thereof

5 No such license will be granted unless the place intended for the purpose is suitable for the trade to be carried on there without the likelihood of causing any danger or nuisance to the persons residing in, or resorting to, the neighbourhood

6 Every manager as aforesaid shall keep the place licensed for the purpose open between 7 A M and 10 P M , and 3 P.M and 5-30 P M to inspection by the President, Vice-President, Health Officer, Sanitary Inspector or a Police Inspector and shall afford every facility for such inspection

7 Every such manager shall be bound to furnish to the President, whenever called on to do so, such statistics as show the quantity of the goods received, stored, manufactured, sold or exported by him

8. In the case of dangerous trades —

(1) Every manager shall so store his goods as to admit of free ingress and egress for the removal of the goods and for quenching a fire, if any

(2) He shall not cause or suffer any cover made of combustible material to be erected or placed over or adjoining any such goods

(3) He shall at all times keep the premises clean and dry to the satisfaction of the President, Vice-President or the Health Officer

(4) He shall not allow smoking or the introduction of fire or open lights into the premises, and he shall always store sufficient quantity of water to quench the fire, if any

(5) He shall carry out his trade in such a way as not to make his premises a source of danger or nuisance to the persons residing in, or resorting to, the neighbourhood

with any requisition from the President, Vice-President or in a notice for the total or partial removal said goods, or the removal of any other com- d for sale or for rectifying any error or omission in attending w visions

9. In the case of offensive trades as defined in Bye-law 2 B.

(1) Every manager shall confine his trade to be carried on strictly in the place shown in the license

cause all materials received for the purpose of his trade to be stored, or convey all or ht reac- er as to prevent the

noxious all vapours per ventilation, or place to which all

repair so as to refuse noxious or injuri- matter may be trans-

(5) He shall provide the pre always keep them ported being in good order determined

(6) He shall cause the premises to be cleaned at very working day by the

(7) He shall not allow any refuse or waste matter caused for any further process of the trade which are danger or nuisance, in or ar ve them removed daily

He shall not a purpose liquid, whi ry to minimize the to be dep or waste matters whether solid or h such premises are removed as a source of danger or nuisance but shall have them liquids while premises may be determined, all refuse fermentation prescribed ing subjected to such process be into any manner might in individual cases be or private. the President, before being let , Vice-President or ror or omission in ng the health of the per- or place, whether public

10 The President power to suspend or withdraw a license granted for dangerous or offensive whenever he deems such a course necessary in the interests of the convenience and safety of the public generally or of the persons inhabiting or resorting to, the neighbourhood of the premises covered by such license or whenever the conditions of a license are not obeyed

11 The license to be granted for the dangerous and offensive trades shall be in the following form and shall be subject to such conditions as noted therein

B M 33.]

1. Resolution of the Managing Committee dated 21st February 1914 approving the amendments proposed by the Health Officer in the bye-laws relating to Dangerous and Offensive trades with reference to certain points suggested in para 3 of Government Proceedings No. 9403/M1. 60-12 dated the 27th May 1913.

Resolution:- Resolved that the bye-laws as amended be adopted.

Sd. K.P. Puttanna Chetty

Honorary President.

"C O P Y".

For Honorary President.

M E M O.

Government in their order No. 9403/M1.60-12-1 dated 27th May 1913 approving the bye-laws framed by the Municipal Council relating to dangerous and offensive trades in the City, have pointed out certain defects and defaciencies which require consideration.

2. "Dangerous trade" is taken to mean the storing or manufacturing for sale of certain classes of articles, which are noted either for their ready inflammability or sudden explosiveness. Cotton and fire-works (including "Carbide") two very common articles, belonging respectively to the classes described above, have as pointed out by Government been left out and might now be inserted, the former as item 4 in bye-law 2 A (a) and the latter as item 8 in the same bye-law sub-division (b).

3. Bye-law 8 para 1 enjoins that every store of dangerous goods shall have ready means of ingress for purposes of removal of goods and extinguishing fire. In either instance, particularly the latter, means of egress seems to be as important as ingress and the suggestion of Government might be accepted.

4. There is provision in bye-law 8 para 4 to prohibit smoking and the introduction of fire into a store of dangerous goods. It must be acknowledged that the bye-law would be very defective unless "open light" as suggested by Government be in similar manner prohibited. While this would probably be sufficient in regard to substances mentioned in bye-law 2 A (a), it hardly seems to aim at the object in view, in respect to the articles mentioned in sub-clause (b). The atmosphere of a place where considerable quantity of Petrol is stored in improperly sealed tins might concievably be charged with Petrol vapour and air in such proportions as to readily explode on the introduction of any light - whether open or closed as in a lantern, ~~card~~ candle stand etc,. Similarly large quantities of Calcium Carbide stored in a place which had temporarily got damp after heavy rain,

leakage, leakage etc, might involve the existence of a considerable proportion of Acetylene gas in the atmosphere, which would explode under similar circumstances. It seems therefore desirable to provide against such contingencies, which though remote are usually attended with disastrous consequences, when they do occur. There, however, is not much difficulty in this respect, at the City with its electric installation. The present proposal therefore is that bye-law 8 para 4 may be altered to read as follows:-

" He shall not allow smoking or the introduction of fire or any open light into the premises and he shall always store sufficient quantity of water to quench the fire, if any, in places, where goods mentioned in bye-law 2 A (b) are stored, no other except an electric light shall be allowed or a lamp constructed on Sir Humprey Davy's principle".

5. The additional provisions respecting i storage of Fire-works, ii Kilns and iii Tannaries, the introduction of which are urged as desirable by Government, would be in the nature of what follows:-

i Storage of Fire-works.

Prescribing

(a) Incombustible receptacles with similar covers to hold all the stock, of each sort, in hand.

(b) a certain distance from such store and all habitations.

(c) the storage of a definite quantity of water always on the premises for purposes of extinguinshing Fire.

(d) a definite interval of open space intervening between such store and any other building.

It must however, be noted that Bye-law 8 para (6) is not definite and bestowed ample power on the executive to prescribe its own conditions whether on the above or other matters. While

stores

stores of dangerous goods, on the large scale, are very few in the City, almost every other grain merchant stores Kerosine Oil and small factories and stores of fireworks are similarly numerous. It is probable that hard and fast ruling in this respect will prove oppresive and indeed do not seem to be necessary, each case having to be decided on its own merits.

ii. Kilns.

Prescribing

(a) Water connection or storage of sufficient quantity of water close by.

(b) the hours, when kilns ought to be lit.

(c) a minimum distance between the kiln and the nearest habitation on the windward side.

Bye-law 9 paras (8) and (9) would seem to meet the demands of the points raised in the preceeding.

iii. Tanning and Dyeing works.

Prescribing

(a) the conveyance and storage of all offensive and noxious material in proper receptacles provided with tight lids.

(b) a minimum proportion of window area to the size of each room.

(c) a minimum distance from any habitation.

(d) the manner in which and place to which all refuse matter may be transported ~~and forbidding~~ and forbidding.

(e) the carrying on of the trade in any locality determined by the Council for this purpose to be crowded or congested.

(f) the letting into any sewer, drain, water-course or place, whether public or private, of any refuse liquid whether hot or cold before undergoing such process of fermentation or purification as the Council might in individual cases determine.

There

There are no registered Tannaries in the City but the existence of a number of Dye-works (large and small) is a fruitful source of nuisance in thickly crowded localities like the 2nd. 4th and 5th Divisions. The number of licensed Dye-works is only 12 but this is no correct index as to the gravity of the nuisance, as the actual number of places where this trade is carried on is undoubtedly several times that number. In the largest number of these cases, a very small house with an average area of 30 feet X 20 feet has a tiny cook room, bit of open space and hall - the last used indiscriminately both for purposes of trade and dwelling, with the numerous shallow Dye-vats situated therein.

The amount of dyeing work, carried on at unsuitable localities, in improper manner, to the great detriment of comfort and well-being of large masses of population, is considerable. A gradual elevation of standard therefore of sanitary requirements of such places year after year during the time licenses are renewed, is not unlikely to bring about gratifying results in the near future. Definite provisions however are wanting in the Bye-laws and the question of introducing some or all of those submitted from (a) to (f) in the preceding para might kindly be considered.

Submitted to the Honorary President for orders.

6th January 1914

Sd. R. Subba Rao,
Health Officer.

" C O P Y ",

For Honorary President.

SIR,

Adverting to Government Proceedings No. 12338/Ml.69-13-80 dated the 10th June 1914, calling for further information in regard to the amendments to the Bye-laws relating to certain dangerous and offensive trades, I have the honor to state that the amended bye-laws were published in the Mysore Gazette, as required in Section 48(2) of the Municipal Regulation, under notice dated the 15th July 1914, calling for objections if any from the public. No objections were received within the prescribed period and the draft bye-laws were duly placed before the Municipal Council at their meeting held on the 22nd September 1914 and approved. Copy of resolution of the Council together with that of the notice referred to above as also a copy of the revised draft bye-laws, after making the corrections pointed out in para 2 of the letter quoted above, are herewith forwarded to Government, for sanction.

I have the honor to be

BANGALORE CITY MUNICIPALITY

Notice No 282, *dated* 8*th August* 1914

The Municipal Council, Bangalore City, having, at their meeting held on the 25th April 1914, approved certain amendments in the Bye-laws relating to Dangerous and Offensive trades sanctioned by Government in their Proceedings No 9403—M1 60-12, dated the 27th May 1913, the following revised draft Bye-laws are published for the information of the public The amendments are printed in italics

Objections or suggestions in respect thereof received in writing within one month from the date of publication of this notice will be considered by the Council

K P PUTTANNA CHETTY,
Honorary President

Revised Draft Bye-laws relating to dangerous and offensive trades in the City of Bangalore, framed under Section 48 (1) (*b*) (111) and Section 151 of the Mysore Municipal Regulation, VII of 1906

1 These bye-laws are called "The Dangerous and Offensive Trades Bye-laws"

2 In these bye-laws unless there is something repugnant in the subject or context —

A Dangerous trade means the business of storing for sale

(1) Firewood
(2) Hay, straw or any other dried fodder for cattle
(3) Coal, charcoal
(4) *Cotton*
(5) Kerosine oil in godowns
(6) Petroleum in godowns
(7) Kerosine oil in tanks
(8) Petroleum in tanks
(9) ~~Fire works~~
(10) *Calcium carbide in bulk*

B Offensive trade means the business of—

(1) Boiling or storing offal, blood, bones or rags
(2) Storing hides, horns or skins
(3) Tanning
(4) Dyeing
(5) Washing or drying of wool or hair
(6) Making or manufacturing of bricks
(7) Making or manufacturing of tiles, pottery or other earthenware or lime
(8) Manufacturing oil by boiling
(9) Camphor boiling
(10) Soap making
(11) Using any place as a cartstand
(12) Using any place as a smithy

C. Manager means the person under whose authority or control or for whose benefit a dangerous or offensive trade is carried on, whether such person is the proprietor of the business or the agent in charge thereof

3 The manager of every place used for the purpose of a dangerous or offensive trade as defined in clause 2 above, shall not use it as such without obtaining a license from the President therefor The license so granted shall expire on the 30th June of the official year during which it was issued But the currency of a license may be renewed previous to its expiration and on payment of a second fee provided always that where a renewal is applied for as aforesaid, the period of its currency shall whether the application is eventually granted or refused be deemed to include the interval during which the application was pending disposal

4 The fees leviable on licenses to carry on dangerous or offensive trades shall be as follows —

A Dangerous trades —

(1) For each class of business, except storing kerosene oil or petroleum, Rs 5 per annum

(2) Rupees 2 per 1,000 gallons on the capacity of each godown or tank in which kerosene oil or petroleum is stored subject to a minimum of Rs 14 per annum The storage capacity of the building shall be calculated at the rate of 10 gallons for 3 cubic feet and shall be written on the outside of the tank

B Offensive trades —

For each class of business or each kiln, or furnace for bricks, pottery, tiles, lime, camphor boiling, oil-boiling, etc , Rs 5 per annum

5 No such license will be granted unless the place intended for the purpose is suitable for the trade to be carried on there without the likelihood of causing any danger or nuisance to the persons residing in, or resorting to, the neighbourhood

6 Every manager as aforesaid shall keep the place licensed for the purpose open between 7 A M and 10 A M , and 3 P M and 5-30 P M , to inspection by the President, Vice-President, Health Officer, Sanitary Inspector or a Police Inspector and shall afford every facility for such inspection

7 Every such manager shall be bound to furnish to the President, whenever called on to do so, such statistics as show the quantity of the goods received, stored, manufactured, sold or exported by him

8 In the case of dangerous trades —

(1) Every manager shall so store his goods as to admit of free ingress *and egress* for the removal of the goods and for quenching a fire, if any

(2) He shall not cause or suffer any cover made of combustible material to be erected or placed over or adjoining any such goods

(3) He shall at all times keep the premises clean and dry to the satisfaction of the President, Vice-President or the Health Officer

(4) He shall not allow smoking or the introduction of fire *or open light* into the premises, and he shall always store sufficient quantity of water to quench the fire, if any, in *places where goods 5 to 10 mentioned in Bye-law 2 A are stored, no except an electric light or a lamp constructed on Sir Humprey Davy's principle shall be allowed*

(5) He shall carry out his trade in such a way as not to make his premises a source of danger or nuisance to the persons residing in, or resorting to the neighbourhood

(6) He shall comply with any requisition from the President, Vice-President or the Health Officer, contained in a notice for the total or partial removal from the premises of the aforesaid goods, or the removal of any other combustible materials not intended for sale or for rectifying any error or omission in attending to the above provisions

Note —In the case of hand-made bricks, the license fee shall be Rs 5 for kiln of 100,000 bricks or a fraction thereof

9 In the case of offensive trades as defined *in Bye-law 2 B* —

(1) The trades mentioned in Bye-law 2 B (1), (2), (3), (4), (5), (8), (9) and (10) shall not be carried on in any locality, which is less than 2 furlongs distant from a cluster of 25 habitations or less than half a mile distant from a group of 50 dwelling houses and the premises shall not have less than 35 per cent of window area as compared with the total floor space of storing and working rooms

(2) Every manager shall confine his trade to be carried on strictly in the place shown in the license

(3) He shall store or convey all offensive and noxious material in proper air-tight receptacles provided with effective and tight lids

(4) He shall adopt the best practicable means of rendering innocuous all vapours emitted during the process of the trade either by proper ventilation, or other suitable means, *the manner in which and place to which all refuse matter may be transported being determined by the President*

(5) He shall keep the floor of the premises in good order and repair so as to prevent the absorption of any liquid, filth or refuse or any noxious or injurious matter which may fall or be deposited upon

(6) He shall provide the premises with proper drains and shall always keep them in good order

(7) He shall cause the premises to be cleaned at the close of every working day

(8) *He shall not allow any refuse or waste matter whether solid or liquid, which are likely to be a source of danger or nuisance to be deposited in or around the premises but shall have them removed daily in such manner as may be determined, all refuse liquids whether hot or cold being subjected to such process* of fermentation or purification as might in individual cases be prescribed by the President, before being let into any sewer, drain, water course, or place, whether public or private

(9) He shall adopt such other precautions as are necessary to minimize the danger or nuisance to the public from the use to which such premises are put

(10) He shall comply with any requisition from the President, Vice-President or Health Officer, contained in a notice for rectifying any error or omission in attending to the above provisions and for promoting the health of the persons employed in such trades

10 The President shall have power to suspend or withdraw a license granted for dangerous or offensive trade whenever he deems such a course necessary in the interests of the convenience and safety of the public generally or of the persons inhabiting or resorting [illegible]

11. Any breach of the rules or bye-laws of the Municipality in this behalf, will entail the suspension or withdrawal of the license and the prosecution of the offender under Section 152 (3) of the Municipal Regulation of 1906
